Editor's Note
Bill Thompson

WOW, another year has come and gone, as I write this, January is half over and so many changes have already begun to take shape. Our Beloved OCHOG Chapter has passed the torch of leadership, As Craig takes the helm and many new members step forward to assist in the leadership of our group, I am reflective on the sacrifice made not only by our group, but the many who willingly donate their time, money and other resources and reach out to our community, veterans, and other worthy causes. I recently read an article in a major news publication where it was stated that "Bikers" in general contribute more time, money and those before mentioned resources to charitable causes, than any other organized recreational group. Now that is something to consider when some still see a large group of bikes rolling down the road as a threat, or nuisance.

This past year in addition to our many day trips and overnight rides, we enjoyed the company of our members at the Annual Christmas Party, where our gracious hosts the Schley's opened their home once again and allowed us to enjoy each other in a wonderful and festive atmosphere.

We continued to support Children's Hospital of Orange County with our toy pick-up and delivery to the many children who struggle with staying alive every day a small bit of joy in the form of a simple toy.

Various members attended Poker Runs, veterans support rides, and events too numerous to list here in support of charities and events near to their hearts, either because of personal experience, or collectively as a group because it was the right thing to do. I am proud to be a part of such a generous and caring group of people, and encourage everyone to continue this effort in this coming year.

Change is hard for some people, myself included, but as we venture into this new year, it is my hope you will fill your mind with optimism, embrace the changes that are coming both within the group and externally. Support the decisions made by our leaders, and of course join in the discussion, be a part of the solution, and enjoy the many blessings we all have as Americans.

I look forward to riding with all of you, sharing in the good and bad times. Please join me in supporting Craig, and the other new Officers, as we work hard to continue our effort of being the best Harley Owners Group Chapter in the world.

Please don't forget to renew your OCHOG annual membership Chapter Membership Enrollment Form and Release can be found at: ochog.org

ORANGE COAST CHAPTER

Rainbow Oaks Brunch Ride

By: Frank Roberts

Miss the first ride of the new year with our new Director, Craig Shelby? Not a chance. Miss out on the biggest chicken fried steak breakfast in So Cal? Even more of not a chance.

After our group meeting, the ride started smoothly under cloudy skies with a few drops of rain falling down. A quick blast down the 5 freeway and a nice sweeping exit on to Hwy 76 had us riding into my favorite part of So Cal. The hinterlands of inland San Diego county have some of the best riding roads anywhere.

Our left turn at Pala Casino started us on a nice two lane ride up the hill to Temecula. By now the skies had cleared and no rain was falling. The weather cooled down a bit so some of us were happy to pull into the gas station at Pechanga. I wandered inside to see if it had any slot machines. Nope, none inside. So, back outside for some hot coffee out of my Thermos while talking motorcycles with some of the gang.

After everyone fueled up, we continued on our way down old 395 to our destination, Rainbow Oaks Restaurant. Inside the restaurant are framed HOG chapter patches from all over. Also, several photos of celebrities adorn the walls to the restroom. My favorite piece is a cross on a plaque made of iron from the Twin Towers. Names of the 343 firefighters lost in the attack are on the plaque. Next time you are there, it is on the wall to the right of the bar. It is a sobering reminder of that day.

After a huge plate of chicken fried steak, eggs, hash browns and toast, we saddled up and continued on our ride. I was not aware Hwy 395 wound more and more inland. 395 is a great highway that stretches the entire length of California.

We departed the highway in Fallbrook and started up a road towards De Luz that I had never travelled. Daily Road winds up into De Luz and is absolutely beautiful. Ranch houses on both sides, a creek and even a lake. The sign at the lake pronounced it Ross Lake built by Mr. Ross in 1961.

I imagined old Mr. Ross the canyon dweller firing up his John Deere tractor to dig a hole so the creek would fill up his lake.

After winding through De Luz, we came to a great road up and out called Los Gatos Road. This little road goes straight up the northern end of the canyon.

It is so neat feeling the power and torque of our Harley V-Twin engines as they pull the grade. At times I felt if I let go of the grips I would fall off the bike backwards.

Topping off at the Santa Rosa Plateau brings beautiful vistas and more two lane fun. I noticed as we passed by Lake Elsinore that it was like a giant mirror reflecting the mountains in the background. Our trip ended with a traverse over the mountains on Ortega Highway. There were quick waves goodbye as riders peeled off in different directions. They will be replaced by waves hello when we meet up for our next ride.

Thanks to our Road Captains for their support and good luck to Director Craig. I think you started off your tenure with a great ride.

Director's Message Craig Shelby

As we turn the page to 2017, I look forward to another great year of rides and events. Before continuing, I must take a moment to recognize Steve Burke for the tremendous job he did as Director over the past three years. Steve continued on with the tradition of his predecessors with great dedication to the Chapter, working with our sponsoring dealership, and providing guidance to the officers who served under him. His leadership enhanced the awareness of, and cemented our belief, that OCHOG is "The Best" H.O.G. chapter. Steve led by example, and I hope that I can continue to provide leadership at such a high level as I oversee chapter activities, guide its officers, and ensure our participation and success in the many events our chapter engages in and leads, including the CHOC Toy runs and IWAR.

FABULOUS JOB and WELL DONE STEVE!

The 2017 over-night ride calendar was announced at the November chapter meeting by Rob Vandal. These will be great rides to many of our favorite spots including Palm Springs, Death Valley, Lake Tahoe, Big Bear, Napa Valley and Laughlin (albeit not to participate in the Laughlin River Run).

The over-night calendar is posted on the website so please check-out the dates and plan your vacation time accordingly. These rides, (*and the after-riding socializing at the pool and dinner*), are great opportunities to share your riding experiences & stories with others, and most importantly with our newest members, who likely may be on their first over-night ride. Let's make sure that those on their first over-night trip have a great time.

The chapter holiday party was once again a huge success and I believe enjoyed by the 160+ who attended. The success is in large part to the generosity of Carolynne and Paul Schley. Without their gracious hospitality such a party would not be feasible. Additionally, I say Thank You to all the volunteers who contributed to the set-up, decorating, and clean-up.

Friday, December 09, was our annual Toy Pick-Up ride to the Fairmont Schools. Once again the students came through with a lot of toys for CHOC. At each stop, the kids gave Santa and elves (all of us) a warm season's greeting, and sang Christmas songs. Aren't the youngest of them just the best?! On Sunday, December 18, the toys were delivered to CHOC (the 22nd year). It is my understanding that we are one of the largest, if not the largest, donor of toys to CHOC. The toys are given to hospitalized children following treatment, throughout the year, especially at Christmas time when those toys mean so much. The large turn-out at

both rides is a true indication of the willingness of the members of OCHOG to make a contribution to those that are less fortunate. Again, thank you for participating. The staff at CHOC, OC County Supervisor, Todd Spitzer, and City of Orange Mayor pro tem, Mark Murphy, continued their appreciation of our riders for supporting such a great event. A few of the kids were able to come down from their rooms to mingle with the riders, have a photo with Santa, and sit on a big Harley! What a great day!

I remember when I was introduced as a new member at the September 2004 chapter meeting and was asked those new member questions, "What type of bike did you previously ride?" I said "a Schwinn". Even with such an answer my membership was not withdrawn. And now some 12-years later and nearly 125k miles behind me, riding that "half-ass" softail chopper (*all without a windscreen, a fairing or saddlebags and until recently without rain-gear - not yet worn by the way*) it is a privilege, and I am honored to become Director of your chapter. It is my sincere hope that my contributions, and service, will benefit the membership, the road captains and officers of OCHOG - "The Best" H.O.G. Chapter.

ORANGE COAST CHAPTER

**Assistant Director's
Message
Mel Fonseca**

Riding safely and comfortably during the Winter Months.

Welcome to 2017! We look forward to another year filled with memorable day and overnight rides with the best H.O.G. chapter members world-wide.

The arrival of cold, wet weather does not mean we have to abandon our chapter slogan "ride, eat and have fun. In many other parts of the country motorcyclists in much cooler climates are forced to drain their motorcycles of their fluids, cover and retire their favorite motorcycle to the storage shed. We, on the other hand, can enjoy 365 days of riding thanks to our milder winters and today's broad range of gear choices making it possible to enjoy two wheels right through the winter months. Here are a few basic tips from the experts you should know when you – and your bike – are on the road when temperatures dip and road conditions change.

Get Layered. Layering will keep you insulated and warm. Start with a light base layer that's breathable – microfiber is a good choice. Your base layer should trap warm air next to your skin and wick away sweat. Make sure your top layer is made of tough, windproof material, such as leather or nylon. Be sure layering clothing hasn't restricted the movement you need to ride safely.

Trap Body Heat. Keeping your hands and head warm is crucial – most body heat escapes there. To seal the gap between jacket and gloves, gauntlet-style gloves will do the trick. Consider wearing a silk or microfiber layer under your gloves as well. In addition, use a neck warmer or balaclava to prevent cold air from entering your helmet.

Don't Get Foggy. Visor fogging can cause hazardous visibility problems during cold weather. Wear a half-mask inside your helmet over a wind-proof balaclava. This combo allows your breath to escape without causing condensation inside the visor.

Ride on Down Electric Avenue. Longer trips often require additional protection, such as electric vests and gloves. These accessories use your bike's electrical system to provide heat. A vest, electric or regular, is essential to keeping the torso warm. A warm torso prevents frostbite by allowing the heart to focus on pumping blood to the hands and feet. Or, spring for the heated grip option available on many touring bikes.

Watch the Voltage. Be sure your alternator can handle the addition of electric accessories, such as heated vests and gloves. Check your owner's manual to find out how much wattage your alternator generates and how much of that wattage is used to run lights and other electrical components. Then, subtract the wattage the electric gear needs to be sure you have the power necessary, and some to spare, when running the accessories.

Get Streamlined. Direct chilly air away from your body by adding a functional, not just cosmetic, fairing. Your height and torso length will dictate the proper height of the fairing.

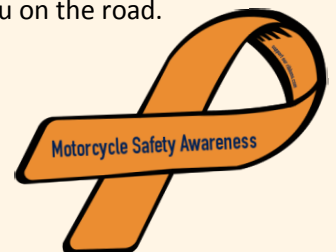

Don't Get Fooled. Hypothermia is insidious. If you ignore early symptoms, like uncontrolled shivering and numb fingers or toes, slow reaction times or fuzzy thinking, you could get into trouble, fast. Wind chill adds to the danger, so make sure you stop frequently, enjoy a hot beverage and allow your body to warm up.

Practice Tire Smarts. If you fit sticky race-type tires in the summer, be sure to switch back to ordinary street tires during colder months. They develop grip at lower temperatures and reach effective operating temperatures much more quickly.

Put Your Oil on a Diet. Using thinner oil during the cold months will improve your bike's performance, especially during start-up, but check your owner's manual for recommendations. Some manufacturers recommend only one weight of oil, no matter what the temperature.

Although these tips are basic information, it is good to be reminded of some of the simpler things we may overlook. Your best resource for information is your fellow OCHOG chapter members, if you see someone with a great set-up on their motorcycle ask them about – I do not know any one of us, who does not like to talk about their bike, and what they have done to make it better for themselves.

See you on the road.

Secretary's Report June Russell

November 2016 OCHOG Meeting Minutes

Welcome

Director Steve Burke called the meeting to order at 7:00 p.m. Jean Pence led the chapter in the Pledge of Allegiance.

Introduce Current Officers – Steve Burke

Steve introduced the chapter's officers and chapter manager.

New Members Introductions — Mark Morales

Mark announced the current active member count at 369; 2 of which are new members this month, 2 new members present at the meeting

Announcements, Reminders, Updates – Steve Burke

Steve thanked those who purchased dinner helping the chapter reach our needed 50 dinners to help cover the venue cost, and thanked those who purchased raffle tickets. And thanks to Paula W. and Kristen for selling the tickets. Ron has shirt order and name tags to be picked up. Elizabeth is here sewing patches. The OCHOG holiday party will be on Saturday, December 3rd at the Schley's garage and will include the Chris Anderson Band;

So break out your checkbooks the deadline to register is November 22nd.

CHOC toy pick up at the Fairmont schools on Friday, December 9th. Meet at Starbucks across from Watson's Drug.; CHOC Toy Drive on Sunday, December 18th, please bring an un-wrapped toy for children of all ages (no stuffed animals) if attending the ride register on-line. Ron has boxes and posters to assist with the toy drive.

Dealer News – Steve Burke

Steve reminded everyone about the special labor rate for being a HOG member at the dealer; if you buy dinner you get a card that you can redeem at the dealer for 100 reward points; Demo Days on November 19th & 20th. Black sheep will be polishing shoes at Demo Days and proceeds will be donated to CHOC.

Recognition for HOG Log Ride Article Contributors – Steve Burke

Steve recognized the following individuals for their articles in the November HOG Log: Chris Mosher/Joanne Keagy - Tombstone. Each member received 10 raffle tickets for their HOG Log article contribution.

Gold Rope Presentation — Roger Allen to Eric Monroe

Activities Presentation — Rob Vandal

Rob recapped November's rides, which included Tombstone and IWAR. Reviewed the ride calendar and ride high-lights for January and February 2017. Announcement of the 2017 Overnight trips. GIANT gas station in Casa Grande overcharged Rick Jones \$75 - CHECK YOUR BILLS!

IWAR Presentation – Kim Kohlenberger

IWAR Recap - included a total of 655 bikes and 900 people. Total funds were \$82,009 (which included \$26,619 of "in-kind" donations), after deducting expenses of \$11,712 the bottom line net amount to WF/FS was \$43,678.

LOH Presentation – Denise Vandal

Recap of the Painting Party at Pinot's Pallet on November 5th at noon. We need Xmas trees for the holiday party. Drop off Friday evening at 6pm, pick up Sunday at 10am. We need gift wrappers at the dealer on Saturday Dec 10th & 17th. Four people per day, 2 shifts of 2, 10am to 1pm and 1pm to 4pm.

Member Of The Month Presentation – Rob & Denise

MOM – Paul Shaffer who was the MOM winner from the August meeting volunteered to have Larry's photograph appear on the HOG Log – Thank you Paul. Please continue to help with photographs for the chapter until we get the photographer position back on track.

Closing Remarks – Steve Burke

Steve announced that he was stepping down as Director at the end of the year. He also announced that the new Director is Craig Shelby, and the new Assistant Director is Mel Fonseca.

Break

Cake to celebrate the November birthdays.

LOH RAFFLE – Denise Vandal

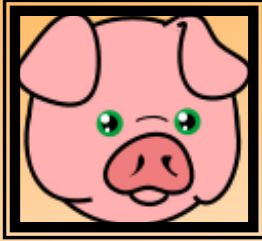

Adjourn – Steve Burke

Steve adjourned the meeting and thanked everyone for attending.

T-BAGS DRESSER ROLLER Tour-Pak BAG - \$135

Brand New is factory boxes.

MSRP is \$265.95

Product Code: 105093

Manufacture Number: TB1100DRB

Pack More Stuff.

Dresser Roller Bags offer double the cargo capacity of average motorcycle bags. Solid mounting, rain cover protection and organized pockets for motorcycle gear.

FEATURES & BENEFITS

- Glides smoothly on ball bearing wheels-- EZ to "roll" to your lodging
- Doubles your tour pack cargo capacity
- EZ lifting with a handle at each end
- Designed for optimum fit on 20" wide H-D tubular Premium Tour Pak rack
- Made of tough 1680d Ballistic Nylon
- 4 quick release security straps for rock solid mounting
- 3 roomy top zipper pockets for water bottles and other medium size items
- External gusset pocket on passenger side of bag
- 8 mesh pockets--1 underside of all 4 lids and 4 in the main storage cavity.
- Full organizer for tire gages, pens, keys, etc.
- 360 degree reflective scratch resistant hi visibility piping
- Bungee bottom rain cover with hi visibility reflective for night and all weather riding safety
- Dimensions: 26" W x 12" H x 12" D

Diamond Designations

Prior riding mileage (*experience*) for each diamond designation:

- ◆ 1,000 miles ridden / ◆◆ 5,000 miles ridden / ◆◆◆ & ◆◆◆◆ 10,000 miles ridden
you are the best judge of your riding abilities (on the bike currently being ridden)

Diamond Route Characteristics

- ◆ Minimal freeway riding, city streets and short segments of modestly twisty roads.
- ◆◆ Some freeway riding (*at freeway speeds*) and twisty back roads.
- ◆◆◆ Moderate distances on freeways (*at freeway speeds*) and lengthy segments of significantly twisty back roads.
- ◆◆◆◆ Significant distances (*up to 500 miles per day*) on freeways and extremely twisty, steep and mountainous roads.
